North Korea: Withdraws from the nuclear treaty.

America: Waves aid to N. Korea to end the crisis.

The Result:

Wolves encroach on those who have no attack dogs and fear the attack of the protective bully.
With two faces, we have two short stands:

The First Stand:

Strength, then strength. One does not repel these predators and force their noses away except with power. The way to defeat them is only by Jihad in Allah's path. If Jihad and its impact were not mentioned in the Book, Sunnah, Seerah(biography of the Prophet, peace and blessings be upon him), or history of Muslims, reason and reality would have indicated its significant impact in defeating the enemies.

The Second Stand:

It is a call to the Youth of Islam who are committed to their religion. Know that the hordes of the Crusaders are only mobilized to strike you sooner or later.

And the believer is not taken by surprise!

So prepare for Jihad in the way of Allah, and this is evidenced by the shar' and 'aql, as Allah Almighty said: "**Prepare against them what you ˹believers˺ can of ˹military˺ power and cavalry to terrify Allah's enemies and your enemies as well as other enemies unknown to you but known to Allah.**" [Anfal Verse 60]

The Shaykh of Islam, may Allah have mercy on him, said: (It is obligatory to prepare for Jihad by means of power and ribat, and horses in times of difficulty and helplessness, for indeed what is required to fulfill a wajib, becomes wajib.

The elevation and stage of knowledge are: to study at home the fiqh of Jihad, its masa'il, and ahkam, and to train the body to endure hardships. At home, military preparations are by learning about weapons, navigation, and care, and studying as much as possible about what is a virtuous military victory.
Military preparation is done by learning about available weapons and shooting, and studying, as far as possible, the arts of modern military wars.

Before all of this, it is necessary to abstain from disobedience, to turn to Allah Almighty, to turn to Him, to seek success and victory from Him, and to do a lot of supererogatory acts of worship: such as standing, fasting, charity, reciting the Qur'an, remembrances, and others.

I ask Allah Almighty to support Islam and Muslims and to Humiliate unbelief and the unbelievers.

All praise belongs to Allah, the Lord of creation. May the *salah* and *salam* [of Allah] be upon our prophet Muhammad, his family, and his companions *ajma'in.*
